HOME SPORTING NOTES.

(From an Occasional Correspondent.)

London, March 4.
As predicted in my previous letter, the Anglo-Scottish dispute is at an end. Scotland has gained its point on the matter of principle, and in future daily allowances to teams on tour will not be permitted, but it received a rebuff from the International Board for its unconstitutional tactics in cancelling the match, which will now take place on the 20th inst. at Richmond, if the ground at Twickenham is not ready in time.

Very little football was possible last week on account of the heavy fall of snow and it looks as if this week there will none at all. London Hospital beat the Harlequins after a splendid game, and if the victors had shown the same form a few days beforehand when opposed to Guy's Hospital, the cup-tie would have had a different result.

A sensation has been created in the Lacrosse world, owing to the Oxford captain scratching the game with Cambridge, as a protest against the action of the Blues Committee in refusing to grant half-blues to the 'Varsity representatives. What will be the outcome of this is not known at present, but a plebiscite at the Union Society has been suggested as a means of judging the opinion of all the members of the University as to whether Lacrosse shall have its reward or not. There is a lot to be said both for and against it.

The London clubs have made their exit from the Association Cup competition. Newcastle United should figure in the final at the Palace.

Racing has been a standstill for a fortnight, the inclement weather making the carrying out of programmes impossible. A novel sight was witnessed at Scarborough when a team of horses in training for the Lincolnshire Handicap was led out for exercise on the sands.

The roller skating rink at Olympia closes tomorrow after an enormously successful season, which has attracted the promoters in a manner far beyond their first imaginations. Ed's Court will, however, still be open.

Before closing, an item of interest is that the Prince of Wales intends to be present at the Navy & Army (officers) Rugby match at Queen's Club this week.

O.A.

The coal which has been discovered in the Philippines is, says the L. and O. Express, very much alike in the different islands, being of a sub-bituminous character. It has the appearance and specific gravity of lignite, but contains so much carbon as to make it more nearly resemble bituminous coal. When mined from holes near the surface, and from those which have been little disturbed since their deposition, the coal is apt to be very inferior, having only about 50 per cent. of the efficiency of American coal; but in regions like the Compostela and Denio fields, on the western end of Balabac Island, it is of a decidedly better grade. The superiority is due, so much to the superior quality of the coal, as to the fact that the coal is not so much disturbed by the action of the elements, so that it is not so much oxidized as the coal of the same quality in the United States.

NEWS FROM CANTON.

(From Our Own Correspondent.)

CANTON, March 30.

ARREST OF AN EXPECTANT OFFICER.

A search for opium smokers, instigated

by the Canton Anti-Opium Society, resulted

in the discovery of three smokers in an

old house in Southern Honan. A large

quantity of opium was also discovered in

the building. The three men were taken

to the police station and questioned by the

official in charge. One of the three said

that he was the son of a man who had held

a high command in the Chinese army and

that he himself was an expectant officer

(i.e. an official waiting for definite appoint-
ment). He also stated that he had just

come from his native village on business.

In committing the man to prison the

police official truly remarked that the

culprit was doubly guilty as, being an

officer, he had a greater knowledge of the

law than an ordinary individual.

FIRES.

About 5 p.m. on the 27th inst. a fire

broke out in a small hatting factory at

Ching Hoi. In short space of time eleven

sheds were burnt out and eight persons

seriously injured. The unfortunate people

were taken to hospital for treatment.

On the same night a wedding was being

celebrated in another part of the city.

During the ceremonies fire broke out; the

front part of the house was destroyed and

the "Fa Kiu" (wedding sedan) met with

a similar fate. Luckily no one was injured

and the fire was soon extinguished.

MANY ARRESTS AT FAY-SHAN.

The police at Fay-shan have been very

energetic lately in searching for opium

smokers. Within the last few days large

numbers of these people have been arrested

and charged with being without the requisite

license to smoke. These permits consist

of small tables of wood and are locally

known as "wooden licenses." Punish-
ment, varying from small fines to periods

of hard labour in gaol, has been inflicted

on the delinquents.

STREET CLEANING IN CANTON.

The accumulation of rubbish and filth

on the north west part of the city has

reached such a quantity that it has attracted

the attention of the Tartar General. This

official has ordered two magistrates to take

the necessary steps for the removal of the

nuisance without delay. The magistrates

in question are much concerned about the

order as the effective cleaning of the place

will cost at least \$2,000. It is rumoured,

however, that an officer of the Sin Hui

Chi has volunteered to defray the expense.

GREAT PROCESSION IN HONAN.

HONAN was en fête on Tuesday morning.

The narrow streets were crowded with

people who had come out to witness a great

procession held in honour of the opening
